

Congratulations and Welcome!

Dear Dr Mariam Tolordava & Elena K.

10 Feb 2026

Thank you for choosing IARC as your professional quality association. Following a successful application, Central Global University has been approved and is now registered as a **Provisional Organisational Member**. Your registration number is 83462026AU.

Provisional membership is a temporary stage that allows new members to join while completing final requirements, with some rights and privileges limited. Once these requirements are met, full membership is granted, providing full recognition, voting rights, eligibility for leadership roles, and access to all member benefits, along with responsibility to uphold the association's standards and code of ethics.

To enable progression to full membership we will seek some graduate testimonials. Please aim to collate some now. At that time, Central Global University will be promoted via our member promotions campaigns. Our customer care team will handle enquiries relating to your membership. Once fully approved, you may also be eligible to register courses as CPD courses with CPD credits. You are encouraged to use the IARC logo - the Organisational Member logo has unrestricted rights of use for fully approved members.

We request that you access your listing on iarcedu.com (accessible on or before 13/2/26) and add information about your school. Your web login is: **cen_glo_26**

The IARC membership year runs from July 1st to June 30th annually. Your membership is active for the **2025-2026** membership year on receipt of payment for the year. To date, you have paid, the application processing fee.

Please contact our customer care team at admin@iarcedu.com any time you need. We are looking forward to supporting you and your learning community as we can.

Faithfully,

Jade Sciascia

Business and Education Integrity Manager
